GREAT DRAMA
"CARMEN" SHOWN
ON THE SCREEN

AN ENTIRE CHANGE OF PROGRAM ANNOUNCED FOR THE BUTLER.

Another entire change of program will be presented at the Butler theater for today, commencing at the matinee. Five pictures and two illustrated songs will be on the boards. The feature for today will be the great drama, "Carmen." This is one of Pathe's latest and best subjects. The other pictures are also very interesting, entitled, "Coals of Fire," drama; "Enterprising Clerk," comedy; "Venetian Islands," scenic; "Druids Remains in Brittany," drama. This is a very interesting and amusing program and is on for today only. The management wishes to announce that they will change program every night excepting Sunday. Also commencing next Monday the first evening show will commence at 7:15 instead of 7 o'clock as usual.

STOCK MARKET

While Tonopah Mining was the feature of yesterday's stock market and advanced 37½ cents, MacNamara was the feature. This stock was quoted at the closing at a one point gain, but advices received were to the effect that sales were recorded as high as 40 cents. Belmont stock took a reaction and lost 17½ cents with the rest of the securities falling in sympathy. Extension lost eight points and Montana dropped four. Midway, which has been climbing steadily, tumbled three points. West End depreciated two cents. Jim Butler never moved and retained the 17-cent asked price.

The following quotations are furnished by Broker H. E. Epstein:

NEW COMPANY FILES ARTICLES.

Articles of incorporation were filed yesterday at the county clerk's office by the Jaytee Mining company, which names its principal place of business at Goldfield. The company has a capitalization of \$1,000,000 with a like number of shares of a par value of \$1 each. The stock is non-assessable. James T. Minchin, Thaddeus Dick and Edward Dick, all of Goldfield, are the incorporators.

GOOD COMEDY
AT NEW NEVADA
FOR TONIGHT

"BROWN'S IN TOWN," A MOST CONSISTENT PLAY, WILL BE PRESENTED.

Tonight the Aylesworth Stock company will present the great three act farce comedy, "Brown's In Town," by Mark E. Swan. This is one of those comedies that always pleases and no matter when or where it is played it always causes a regular sensation. It is quite useless to try and describe the plot as it is far too complicated to even attempt it. "Brown's In Town" is about the most complicated and yet at the same time most consistent comedy at present on the stage, and after seeing it one wonders how on earth the author managed to concoct such a bunch of mix-ups and then straighten them all out again. "Brown's In Town" will run tonight and tomorrow when it will be succeeded by the great success "Merely Mary Ann," the play that made Eleanor Robeson famous. This will be the last play by the Aylesworth Stock company.

KNIGHT GAINS
BRIEF RESPITESUPREME COURT RESTRAINS
DISTRICT COURT FROM HEARING KNIGHT CASE.

Attorney F. W. Hankey has returned from Carson where he was successful in obtaining an alternative writ of prohibition from the supreme court restraining Judge Somers from proceeding further in the case of the state versus Bart Knight. Mr. Hankey had prepared and presented a petition to the higher court setting forth that his client had been deprived of his right to a preliminary hearing before Justice Barnes, to whom the complaints were made originally, and that the examination while in progress was taken out of the justice court and presented to the grand jury.

The temporary restraining order will be effectual until April 2, at which time the supreme court will decide whether or not it will be permanent. If the latter is decided upon, Knight's hearing must continue in the justice court, but in the event the order fails of permanency Knight must stand trial in the district court, which is set for April 18.—Goldfield Tribune.

NEW DISTRICT
IS FORMED IN
SOUTHERN NYE

J. W. EWING IS ELECTED AS DISTRICT RECORDER FOR FLUORINE.

A new mining district has been formed in the southern part of this county, according to advices received by County Recorder Puddy Grimes. The district has been named Fluorine and comprises the territory east of the Amargosa river formerly covered by the Beatty, Transvaal and the old Fluorine districts.

At a meeting of the mining men there J. W. Ewing was elected as district recorder. Mr. Ewing in his letter to Puddy Grimes stated that increased activity in that section had resulted in new life and many property owners had resumed work. A number of new locations had been made and striking developments would only be a matter of a short time.

PERSONAL

J. F. Davidson, the Round Mountain mining man, arrived from his home camp last evening.

Attorney P. E. Keeler was a Goldfield visitor yesterday, returning on last evening's train.

Harry Chism, who is leasing on the Blue Jacket at Round Mountain, arrived from the hydraulic camp last evening.

P. H. Craven, representing the Union Iron Works at San Francisco, was among the visitors in town yesterday.

Mrs. C. L. Booth arrived yesterday from Quartz, California, to join her husband, who returned to this camp about a month ago.

Father E. R. Reynolds, of Rhyolite, was in Tonopah yesterday and left on the noon train for Goldfield en route to his southern home.

W. H. M. Drescher of Salt Lake, division sales agent for the Colorado Fuel and Iron company, was transacting business in this city yesterday.

Miss Lillian Lathrop, who has been teaching school in the Hot Springs district, arrived yesterday and will spend several days with her sister, Mrs. R. B. Davis.

E. Carrigan, vice president of the grand lodge of Brotherhood of Locomotive Engineers, with headquarters at Cleveland, Ohio, arrived in Tonopah yesterday and will remain here several weeks.

Mrs. I. H. Cook, wife of the prominent Goldfield and Rawhide mining man, passed through this city yesterday afternoon, with Goldfield as her destination, where she will join her husband.

HIGHEST GRADE OF

LUCKY BOY MINE

A telegram was received in Goldfield from Lucky Boy states that three and one-half feet of the highest grade ore ever opened in the mine has just been disclosed in cutting the station at the 650-foot level of the Alamo company workings, formerly the famous Hubbard lease. This information is especially interesting for it substantiates the claims that have been made as to the probable future of the property, that the ore is steadily increasing in value with depth.
